USING THE DOEN PARTICIPATIES-LOGO

HOW TO DOEN IT?

DOEN Participaties' support can be displayed in many ways. You can download a logo on our site. In this document you will find an explanation about the correct use of our logo.

THE DOEN PARTICIPATIES-LOGO

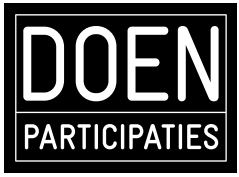

The DOEN Participaties-logo is available in the following versions:

- .eps (cmyk AI-vector, for printed matter)
- .png (rgb 300 ppi, for projection, incl. tv, beamer, PowerPoint and use in Word)

C100 M34 Y0 K2
R0 G125 B192
hex #007dc0

PMS 3005U
RAL #5017

Always use the blue logo.
The black logo is only used for black and white printing.

What you must do:

- Keep the height of the logo to a minimum of 35 mm in print and 192 x 167 pixels (bxh) for screen in connection with readability.
- Do not widen, narrow or make any (textual) alterations to the logo.
- If you use the logo on a non-white background make sure you also print the white in the logo.
- The logo must be placed free-standing and can be used on almost any surface.

For further queries please contact:
De Schepper Campagnes
